To all our friends at Gibbons Insurance Agency

We are very grateful for all of your support. The packages you have been sending are welcomed by all... The guys act like it is Christmas morning with every new arrival. As far as tobacco products, most of the men who dip use Copenhagen snuff and the smokers use camels. The accessibility to some of that stuff here is limited so it can be difficult to get sometimes. One of the requests that has been brought up is some type of smell good stuff for boots. I am pretty sure that most athletic stores like Sports Authority or something like that has some type of odor repellent that can be dropped in a boot and quickly removed prior to putting it on. One of the guys got some from home when he was on leave and they seem to work good. The ones he had were small baseball looking things that you twist to open, drop in the boot and twist to shut between uses. With the heat here it takes all of 5 minutes for feet to sweat, and after 14 - 18 hours of sweating feet, boot removal is painful for everyone.

I see no issues with posting pictures to the web page, I will get some more to send to you as soon as I can. Also, we will be changing our address again soon. It will go back to the original address. I do not have that zip code on me right now, so just let me know if you need me to send it to you and I will get it.

Thanks again for all your support; knowing there are people willing to stand behind us even though you have never met us is encouraging.

Subject: Platoon Partners - Packages
To: SFC Johnson

Dear Sir and SFC Johnson,

I sent a package for your platoon this past Friday and I have another package that will go out this Friday. So far the box for this week's coming package has some room that we will be filling. Do you or your platoon have any specific requests you would like us to include I could send anything you guys need from a specific food wanted, any books or magazines, a favorite brand of chewing tobacco etc.

The group that started this Platoon Partners has created a web site also. www.platoonpartners.com
[?http://www.platoonpartners.com/](http://www.platoonpartners.com/) If you have any other pictures of the platoon you could send I will forward them to the web designer to add to the site, with your permission. I have the one picture of the platoon with the names on it and if I have your permission I will send it in to be added to website.

As always I can not express how grateful I am that you have sacrificed so much for this country. As veterans Roger Gibbons and I consider you all brothers and want to provide you with anything that can make your stay over there more comfortable.
